

# Join a Coalition

We believe there is great beauty and potential when members of the body of Christ come together in service. We are proud to offer you the opportunity to join several different coalitions of churches, some formed out of denominational similarities, others united by interest and areas of service. Coalitions allow your congregation to be a part of a group of like- minded churches, achieving more together and benefiting from a sense of community. Reach out to us for more information about our LCMS and Episcopal coalitions. Or, prayerfully considering starting your own!
